## THE 2016 HR, BENEFITS, AND PAYROLL TECHNOLOGY SURVEY

Find out what human resources, benefits and payroll technology solutions that employers just like you are using to streamline their vital business processes.

### General Company Information

In order for us to provide you the best advice and support on how you can leverage technologies to automate your benefits we would like to get an understanding of how you are using technology in your organization today. To assist us, we are asking our clients to answer the following questions as they relate to your current and future use of HR, benefits, and payroll technologies. This should not take more than 5 minutes. Your participation in this survey is appreciated.

Survey results will be provided in aggregate for all participants. The participant's name and company name will be withheld in all general results. We respect your privacy and use your specific answers to provide you with the appropriate advice.

- 1. Email address (only used to return survey results)**
